# PC Platinum PROGRAM

The **PC Platinum Program** lets you entrust your entire battery fleet to IBP's power experts. We take care of all the purchasing, maintenance and management, so you're free to focus on your core business. ~~Just like AC power, you'll pay for your DC power monthly.~~

## HOW IT WORKS

- Receive a free operation analysis and power study
- Enroll one battery at a time OR your entire fleet
- Turnkey installation of your customized power system
- Pricing per battery is locked and protected
- Includes complete battery maintenance and power management
- Conventional, opportunity and fast charge systems available
- Upgrade or downsize your power system at any time
- No penalty to cancel at any time\*

## WHAT YOU GET

- Guaranteed uptime
- All inclusive pricing
- No unpredictable battery replacements
- No unpredictable battery maintenance expenses

\* Exceptions may apply due to uncommon battery requirements.

## BATTERIES

IBP is proud to carry Deka, the most hardworking batteries in the business. Deka's Automated Plate Formation (APF®) technology creates low internal resistance and high charge acceptance, so your batteries charge faster and last longer.

## CHARGERS

Keep using your current charger fleet or let IBP introduce you to the latest charging technology. True high-frequency chargers deliver incredible energy efficiency by reducing the AC power needed to recharge your batteries.

## DATA MANAGEMENT (OPTIONAL)

Get an inside look at your power system's performance with IBP's world-class data collection and management software. Whether on-site or remotely, IBP will conduct an in-depth analysis of your system's status to eliminate costly downtime.
